Planning And Strategy Division Report No. 19

### **Request For Proposals for the use of the North Head School of Artillery site**

#### **SUMMARY**

The Sydney Harbour Federation Trust (the Trust) has issued a Request for Proposals (RFP) for the former School of Artillery site located at North Head. The RFP closes on 8<sup>th</sup> June for leasing proposals.

This RFP offers Council and the community a unique opportunity to ensure that local organisations and individuals committed to environmental sustainability have a presence on the site. It is recommended that interested parties collaborate to form a collective, such as a "Sustainability and Cultural Institute", comprised of a cross-section of organisations and individuals currently involved in every aspect of sustainable living.

The Request for Proposals document can be downloaded from the Trust website at the following link <http://www.harbourtrust.gov.au>

#### **PUBLIC ADDRESSES**

The following person addressed the meeting in relation to Planning & Strategy Division Report No. 19.

In Favour: Ms Jenny Wilson (Treasurer, North Head Sanctuary Foundation)

#### **MOTION (Evans / Cant)**

That Council:

1. Facilitate the bringing together of a diverse range of arts and cultural groups to form a not for profit collective, hosted by appropriately qualified groups and bringing together individuals offering a wide range of activities that could, for example, include:
  - Art & photography classes covering local nature, landscapes and heritage
  - Creative art activities such as sculpture, collage and ceramics
  - Face to face advice and training on local volunteering opportunities
  - Hands on experience in permaculture gardening

  3. Assist the Sydney Harbour Federation Trust officer dealing with Requests for Proposals, to call a meeting of these interested groups to assist them in formulating a joint proposal.
  4. Provide support to the North Head Sanctuary Foundation in its bid for community space to conduct a broad range of activities under the themes of a Native Plant Nursery, a North Head Study Centre focusing on the natural, built and cultural heritage of the area and a community outreach program designed to increase awareness and appreciation of the values of North Head both in the Manly Community and more broadly.
  5. Seek support of local, state and federal MPs for these proposals.
  6. In order to minimise perceived competition between these two proposals, not include environment and sustainability initiatives in the Institute proposal, but rather encourage environmental interests to collaborate with the North Head Sanctuary Foundation.
